September 2022

Dear Student and Families,

Welcome to the 2022-2023 school year! We look forward to meeting our new students and the return of our previous students here at Ward Tech.

Enclosed in this packet is a wealth of information along with forms that need to be completed, signed and returned. Please be sure to return all of the yellow forms within the first few days of school so that we have contact information, health information, you have permission to utilize equipment, etc.

Please pay particular attention to our attendance requirements for earning a Certificate of Recognition. In order to qualify for this Certificate and participate in our Recognition Day Ceremony at the end of the year, you cannot have more than 18 days absent, not including any absences related to a high school event/activity/testing/closing. Excessive late arrivals or early dismissals will also accrue absences.

We congratulate you on enrolling/continuing in one of our programs where you have the opportunity to learn about something you have an interest in and become college and career ready. We are sure that you will enjoy the many activities and opportunities that are offered. Please visit our website, academyli.org, to see some of the activities students participated in last year.

We look forward to a great school year and if you have any questions, please ask your teacher, the guidance counselor or an administrator and families can certainly call the office.

Sincerely,

A handwritten signature in black ink that reads "Marie Davis".
